

**RESEARCH PROPOSAL**

1. **Topic** – Effect of the COVID-19 pandemic on the lives of students in Cavite State University

2. **Statement of the Problem** – What are the effects of the COVID-19 pandemic on the lives of students in Cavite State University? How has the pandemic affected their academic performance, mental health, and social interactions? What are the challenges they face in continuing their education during this time of crisis?

Statement of the Problem	Research Objectives	Research Questions	Significance of the Study
What are the effects of the COVID-19 pandemic on the lives of students in Cavite State University? How has the pandemic affected their academic performance, mental health, and social interactions? What are the challenges they face in continuing their education during this time of crisis?	1. To determine the impact of the COVID-19 pandemic on the academic performance of students in Cavite State University. 2. To assess the mental health of students during the pandemic. 3. To identify the social interactions of students during the pandemic.	1. How has the COVID-19 pandemic affected the academic performance of students in Cavite State University? 2. What are the mental health concerns of students during the pandemic? 3. How has the COVID-19 pandemic affected the social interactions of students in Cavite State University?	1. To provide information on the impact of the COVID-19 pandemic on the lives of students in Cavite State University. 2. To help students and their families understand the challenges they face during this time of crisis. 3. To provide a basis for the development of interventions to support students during the pandemic.

3. **Justification of the Study** – This study is important because it will help us understand the impact of the COVID-19 pandemic on the lives of students in Cavite State University. It will provide information on the challenges they face and help us develop interventions to support them during this time of crisis.

Definition	Operational Definition
Academic performance	The scores obtained by students in their courses during the pandemic.
Mental health	The psychological well-being of students during the pandemic.
Social interactions	The frequency and quality of interactions between students during the pandemic.

4. **Methodology** – The study will use a quantitative research design. The data will be collected through a survey questionnaire. The questionnaire will be distributed to students in Cavite State University. The data will be analyzed using statistical methods.

## ANNOUNCEMENT

The following is the list of the students who were given the opportunity to take the **Final Examination** for the **2019-2020** School Year.

Section	Student Name	Grade	Section	Student Name	Grade

## B. TECHNICAL DESCRIPTION

### I. Site Clearing and Preparation

- a. Use a wire brush or sandpaper on all surfaces. Let it stay for 10-15 minutes. Be sure to wash off surface thoroughly with water, letting it dry before applying paint. Prime immediately after pump.

### II. Painting and Miscellaneous Works

#### a. Painting Schedule and Application

##### 1. Roof

##### 1.1. First and Second Coat

- Epoxy primer with catalyst, gray
- Site clearing and house
