Position: _____

Construction Company/Contractor: _____

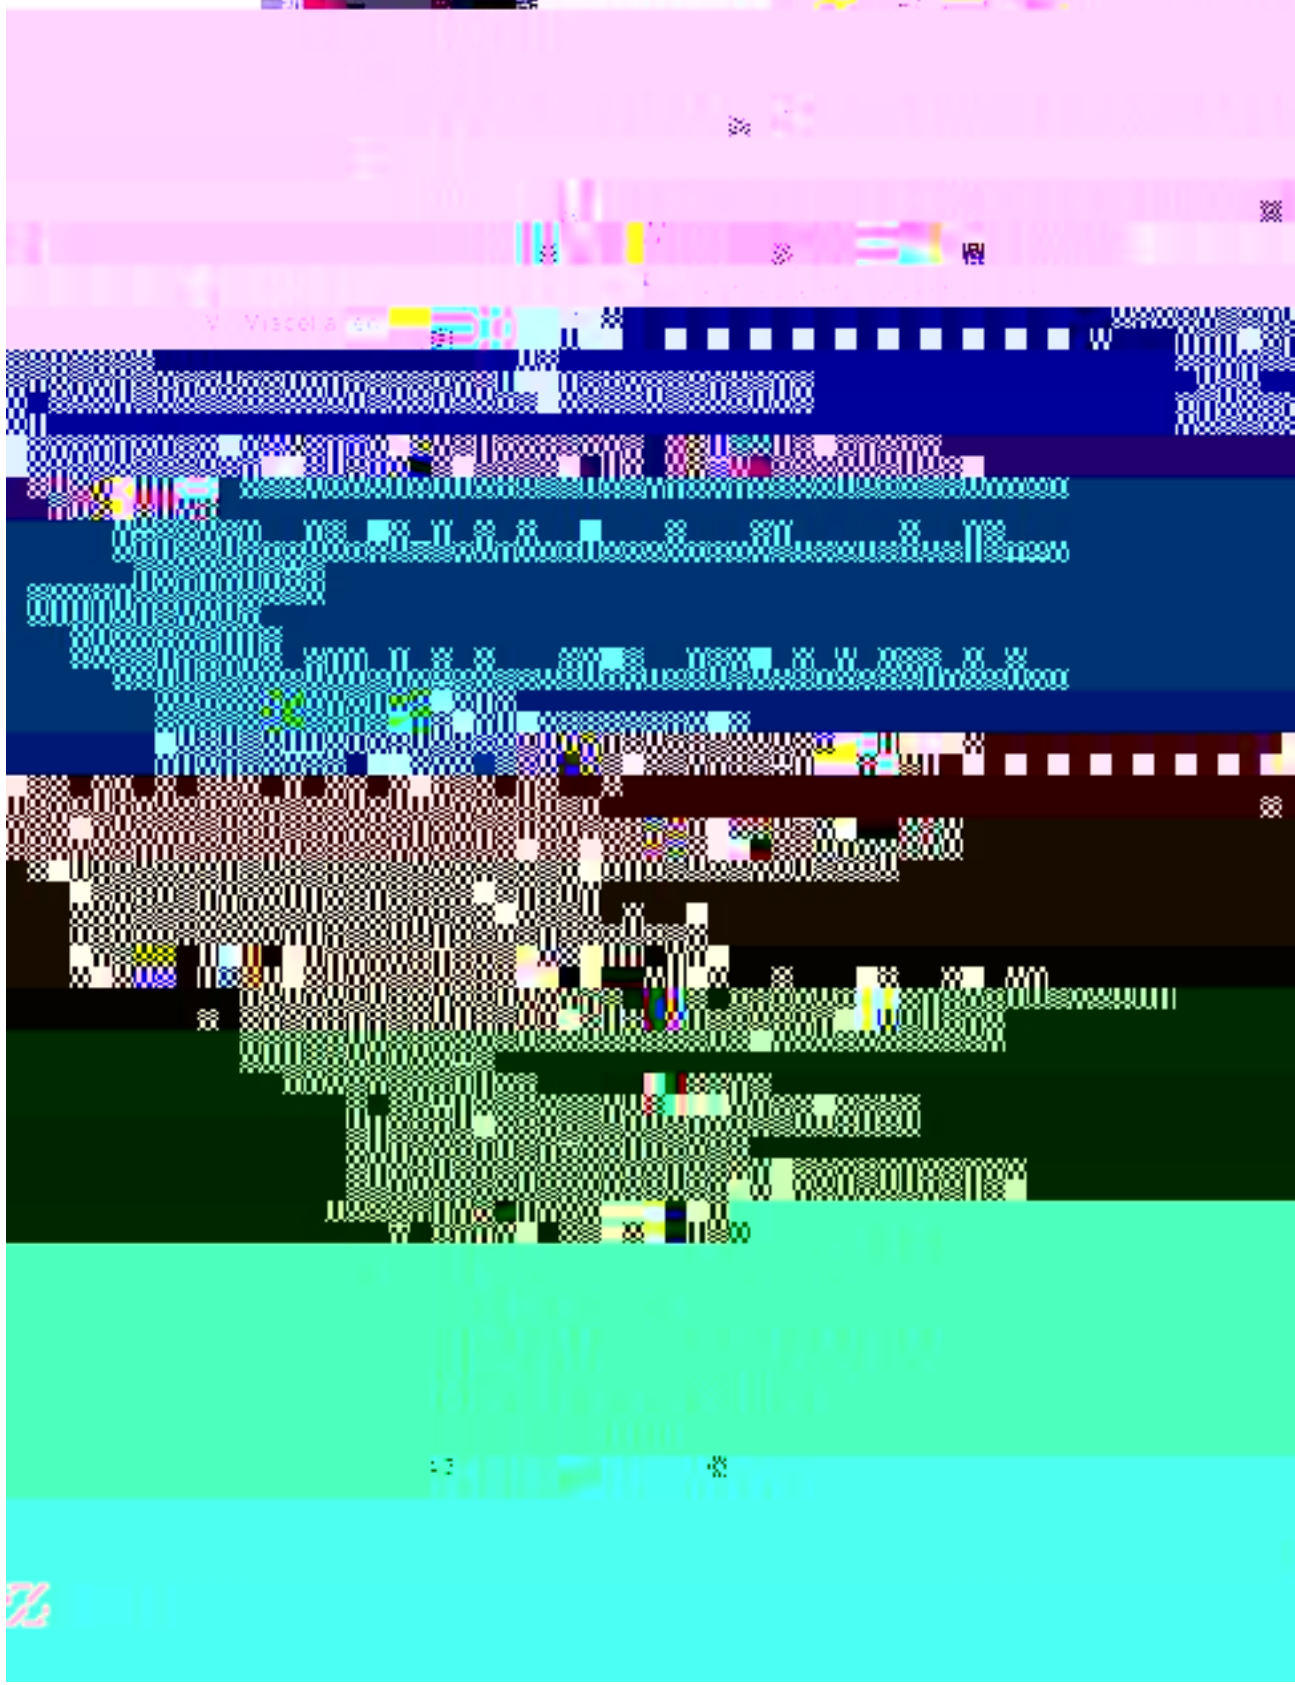

SCOPE OF WORKS

A. PROJECT TAGIYOD

1. The project should be finished for 30 calendar days.
2. Actual site inspection is a must.
3. The area should be cleared/cleaned before and after the construction works.

B. TECHNICAL DESCRIPTION

1. Concrete and Masonry Works

VIII. Painting Works

1. Prepare the surface with appropriate primer. In order to get the best results, the surface should be clean, dry, and free of any contaminants.

2. Apply the primer in a uniform coat. Allow the primer to dry completely before applying the paint.

3. Apply the paint in a uniform coat.

4. Allow the paint to dry completely before applying a second coat, if necessary.

Note: Color of paint will depend upon the preference of the end user.

Paints and its accessories should be BOYSEN or approved equal.
